Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner indicated that proposed amendments to claims 1 and 17 would not overcome the prior art rejections set forth in the final office action. Examiner suggested deleting the "business contact" option of claims 1 and 16, and reciting the text entry field in claim 17 as "only a single text entry field". While the submission of these specific amendments may overcome the prior art rejections currently applied, they would also raise a requirement for further search, and thus should be submitted with an RCE request. Submission of these amendments without an RCE request will not result in entry of the amendments. Applicant's representative will take these suggestions under advisement. .
